Career-related Studies®

BUSINESS & SUSTAINABILITY

PROGRAM OUTLINE

Dedicated to school principals, teachers and IB coordinators

SUMAS CrS® Program Outline

Years/Months	September June			
Academic Year 1	Sustainability Leadership Camp/ Experience			
	BSUS 101 Fundamentals of Sustainability - Foundation Course (General)			
			BFUN 106 Leadership - Foundation Course (General)	
			Integrative Project Experience - Chosen Pathway	
Academic Year 2	Integrative Project Experience - Chosen Pathway			
	BSUS 102 Sustainable Innovation - Foundation Course			
	BFUN 106 Leadership (Continued) - Foundation Course (General)			

- Sustainability Leadership Camp/Experience (Applied Component) should be planned at the beginning of the SUMAS CrS® program as an introduction to the program.
- Fundamentals of Sustainability (Foundation Course) would be delivered during the first academic year as it sets up the basics of business and sustainability.
- Sustainable Innovation (Foundation Course) would be delivered during the second academic year as it incorporates a more advanced level of sustainability including circular economy and relevant business dimensions.
- Integrative Project Experience (Applied Component in 1 of 3 pathways: Nature Conservation, Sustainable Fashion, Sustainable Hospitality) can be scheduled during the two years at a convenient time for the school.
- Leadership (Foundation Course) can start during the first academic year and finish during the second academic year.
